Mire LED Floor lamp – clear LED light

Design: Michel Cinier

Hand made in France.

During the day, the Mire LED Floor lamp is a decorative fixture.

At night, it is illuminated with 540 LED lights.

The Mire can be set to automatically change the intensity of the light frame by simply using the dimer on the Olycale stone base. Foot switch On/off with 3 meters transparent cable is including.

For the same output, the MIRE product saves 75% Energy compared to a standard lighting fixture.

Weight: 26 lbs / 14.25 kg

Height: 59-7/8" / 230 cm

Wide: 41" / 26 cm

Frame: Black colour

Power supply 100V to 277V. UL Listed transformer included.

Energy consumption: 0 to 60 W max.

Clear LEDs (Warm 3000K*)

- White, subtle and minimalist (warm)

Lighting output : 3800 Lumens

Comments:_____

UL Listed transformer included.

UL Recognized Component Mark

These are Marks consumers rarely see because they are specifically used on component parts that are part of a larger product or system. These components may have restrictions on their performance or may be incomplete in construction. The component recognition marking is found on a wide range of products, including some switches, power supplies, printed wiring boards, some kinds of industrial control equipment and thousands of other products.

Just as with the UL Listing and Classified Marks, there are three variations of UL's Recognized Component Mark: one for the United States only, one for Canada only and one for both the United States and Canada. The C-UR Mark is applied to components only used in the Canadian market. Components with this type of Mark have been evaluated to Canadian standards. The optional C-UL-US Component Recognition Mark indicates compliance with both Canadian and U.S. requirements.

Selecting the MIRE product is electing to reduce the energy consumption of your home and our planet.

CINIER MIRE LED products combine a high quality LED to a unique lighting design.
