

## Mire wood LED Floor lamp – clear LED light

Design : Michel Cinier  
Hand made in France.

During the day, the Mire Wood LED Floor lamp is a decorative fixture.  
At night, it is illuminated with 700 LED lights.

The Mire Wood can be set to automatically change the intensity of the light frame by simply using the dimer on the Olycal stone base. Foot switch On/off with 3 meters transparent cable is including.

**For the same output, the MIRE product saves 75% Energy compared to a standard lighting fixture.**

### Project Information

Job Name: \_\_\_\_\_ Date: \_\_\_\_\_ Type of Finish/Shade: \_\_\_\_\_

Comments: \_\_\_\_\_

Approved: \_\_\_\_\_

**Height : 8ft 1.6/ 248 cm**

**Wide : 9 inches 1/4 / 23.5 cm**

**Frame : Natural wood (French ash)**

**Power supply 100V to 277V. CE / UL Listed transformer included.**

**Energy consumption : 0 to 60 W maxi.**

**Clear LEDs (Warm 3000K\*)**

**White, subtle and minimalist (warm)**

**Lighting output : 3300 Lumens**

**UL & CE Listed transformer included.**

## UL Recognized Component Mark

These are Marks consumers rarely see because they are specifically used on component parts that are part of a larger product or system. These components may have restrictions on their performance or may be incomplete in construction. The component recognition marking is found on a wide range of products, including some switches, power supplies, printed wiring boards, some kinds of industrial control equipment and thousands of other products.

Just as with the UL Listing and Classified Marks, there are three variations of UL's Recognized Component Mark: one for the United States only, one for Canada only and one for both the United States and Canada.

The C-UR Mark is applied to components only used in the Canadian market. Components with this type of Mark have been evaluated to Canadian standards. The optional C-UL-US Component Recognition Mark indicates compliance with both Canadian and U.S. requirements.

Base color : Raw beton or Bronze

**Selecting the MIRE product is electing to reduce the energy consumption of your home and our planet. CINIER MIRE LED products combine a high quality LED to a unique lighting design.**
